

Animal Care and Housing Form for El Paso County 4-H Animal Projects

It is the responsibility of every 4-H member to ensure that proper care is taken of their animal(s) according to acceptable methods of good animal husbandry, as set forth by Colorado State University Extension and the Colorado Department of Agriculture. A healthy animal requires sufficient food, water, shelter, and appropriate health care. Cruel and inhumane training methods are prohibited in the Colorado State University Extension 4-H Program and will not be tolerated. Specific animal husbandry guidelines and humane training methods are provided in the appropriate 4-H manual. It is necessary for the local county Extension office to know the location of all 4-H animal projects.

The Colorado 4-H current project recommendation for primary care states that “4-H members will provide primary and continuous care of their project animals.” **Primary care is defined as the 4-H member making the decisions for and/or providing the care, handling, and training of their animal project a majority of the time.** Primary care exemption must be approved by the designated local representative body comprised of at least one Extension agent and other committee representatives as appointed by the Extension office. The county will determine a one-step appeal process if request is denied.

Each situation for exemption of primary care will be evaluated within the exhibitor’s county by an appropriate review body. An approval or disapproval of the situation will be communicated to the participant(s) in writing. An appeal may be submitted through established grievance channels established in each county. 4-H members and guardians acknowledge that approval of facilities and animal welfare checks may be conducted at any time by the local county Extension agent.

Submission of this animal care document is required by all 4-H animal project participants each 4-H year. Please check the box for each species you will be enrolled in this year. Sign and return this form to your county Extension office as a commitment to the above guidelines.
